

TO THE SPANISH SECURITIES COMMISSION

Fluidra, S.A. ("**Fluidra**" or the "**Company**") pursuant to the provisions of section 227 of the Consolidated Text of the Securities Market Act passed by Royal Legislative Decree 4/2015, of 23 October, hereby issues the following:

RELEVANT INFORMATION

Fluidra has filed a third promissory note scheme with the Spanish Alternative Fixed Income Market ("**MARF**") called the "Fluidra 2019 Promissory Note Scheme", with a maximum outstanding balance of €75,000,000, which will be operative until 3 July 2020. The promissory notes issued in the framework of this scheme may be denominated in euros or US dollars.

As in its previous promissory note schemes reported in 2017 and 2018, the Company has appointed Banca March S.A. as its registered MARF advisor and Banco de Sabadell S.A. as the scheme's payment arranger. Both banks will also be collaborating entities.

The new scheme was set up with the aim of continuing to drive forward the diversification of the Company's sources of financing, thus maintaining greater flexibility in the financing of the Fluidra Group's working capital.

Through this scheme, the Company will be able to issue promissory notes with any maturity that falls between three (3) working days and seven hundred and thirty-one (731) calendar days from the date of issue, whenever market conditions make this advisable.
