OF CONDUCT

1. PRESENTATION

I am pleased to present the Fluidra Group Annual Report on Audit Committee Activities for the year 2022. It was prepared in compliance with the Company's Articles of Association, was approved by the Audit Committee and was presented to and validated by the Board of Directors on 30 March 2023.

It would seem that 2022 was a year marked by market uncertainty. The terrible war in Ukraine and the consequences of years of expansionary monetary and fiscal policies provided the perfect breeding ground for the circumstances we experienced, particularly during the second half of the year.

With regards to the war in Ukraine, the company has reached an agreement which is pending approval from the authorities to cease all our own operations in Russia in an orderly fashion that guarantees the best possible conditions for group employees and complies with existing legislation. These have not been the easiest of times and the Audit Committee, via the Compliance Department, has established strict controls to meet the sanctions that were enforced during this period. The members of the Committee have contemplated with great concern the consequences of the war, particularly on the general population, and have actively encouraged gestures of solidarity.

Matters of successive order of importance include reorganisation initiatives within the company. Fluidra has demonstrated its capacity for inflation management across the entire value chain and, in conjunction with continued review and improvement of in-house processes, this has afforded Fluidra even greater strength. The monetary magnitudes and matrices reinforce the robustness the group has demonstrated since the merger.

Lastly, as usual, the external auditor submitted a favourable report on the information relating to the internal controls over the financial reporting system (FIICS) for the 2022 financial year, and 23 internal audit reviews were carried out in the Group's subsidiaries in accordance with the schedule set at the beginning of the year.

The priorities for 2022 included correct and efficient integration of acquired companies, continued company reorganisation and progress in sustainable growth of the group in matters of ESG. Significant progress has been made in company integration and reorganisation although there is still room for improvement. In ESG, the Committee and the Board of Directors are absolutely convinced that sustainable growth is the only way forward. They provide continuous support for group management in an ever-changing environment so that the company can progress accordingly.

With a view to 2023, the Audit Committee's priorities include pushing on with the integration of the group's acquisitions as well as the reorganization and simplification of the group, continuing to monitor the cybersecurity activity and resilience within the framework of company risk management, in general, and continue to drive the sustainable growth of group on ESG matters.

Chairman of the Audit Committee

3. 2022 FINANCIAL YEAR ACTIVITIES

The Company's Audit Committee met six times during the 2022 financial year and discussed numerous issues to do with its basic areas of responsibility, as provided for in the Articles of Association, in the Regulations of the Audit Committee, in the Board of Directors' Regulations, and the Internal Code of Conduct. As such, it has frequently been in contact with the Director of Internal Audit and Compliance and, whenever requested, with the Finance Department, the General Manager, the Head of Legal and Tax Departments, the Director of Human Resources and ESG and external auditors in order to obtain information and/or provide necessary explanations on matters that have arisen in the Committee.

Further to review and a favourable report, the most relevant activities to be taken to the Board of Directors for approval and favourable feedback were:

- Quarter, semester and annual financial information closures to be reported to the Spanish Securities and Exchange Commission (CNMV);
- Annual Non-financial Information Statements;
- Significant related party transactions carried out during the financial year;
- Evaluation of Financial Information Internal Control Systems;
- The results of the Ethics Channel;
- Conclusions from the risks map update.

This section includes a summary of Audit Committee activities in the 2022 financial year with activities arranged into groups based on basic functions. The main activities carried out are summarised below:

FINANCIAL INFORMATION

The Committee has dedicated particular attention to reviewing Fluidra Group annual accounts and quarterly and six-month financial statements and other information made available to the market or supervising bodies during the financial year, prior to the review carried out by the Board of Directors.

Group senior managers participated in all the Committee meetings held in the 2022 financial year. This meant that they were able to get to know the quarterly and six-month financial statement elaboration and consolidation process with sufficient time and to check compliance with regulations and applicable accounting principles. As such, the assets and changes in assets, the financial situation and the Group's results for the period have been duly indicated in those statements.

In the meetings held on **4 May, 26 July and 25 October 2022**, the Audit Committee issued a favourable report on the financial statements at 31 March, 30 June and 30 September, respectively. This was prior to Board approval and communication to markets and supervising bodies.

In terms of annual accounts and the management report for the 2022 financial year which are due to be reviewed in the 2023 Annual General Meeting, the Committee, in its meeting held on **29 March 2023**, following a review, issued a favourable report on their content prior to taking them to the Board of Directors.

ACCOUNTS AUDITOR

EY was the individual and consolidated accounts auditor for Fluidra Group in the 2022 financial year. Corporate policy means that the Group will favour the accounts auditor also carrying out this role in the different branches, as long as there are no specific reasons for which this is inadvisable. The aim is to guarantee adequate coordination and achieve a more appropriate and efficient audit process.

The external auditors participated in Audit Committee meetings on four occasions in the 2022 financial year. The activities carried out included:

- Planning tasks for the 2022 financial year;
- Reporting on the main conclusions of the limited review of the semester closure on 30 June 2022. No issues of importance were identified and a favourable report was issued on those interim financial statements;
- Presenting the main internal control recommendations to which the company should continue to pay special attention and control;
- Delivering training on the new IFRS regulations;
- Presenting progress of the interim procedures up to December with regards to the 2022 financial year consolidated annual accounts audit, the 2022 financial year non-financial information statements audit and evaluating the internal controls on the interim stage, and following up on recommendations;
- Providing information on the main conclusions of the review of the 2022 financial and non-financial information annual closure. In their opinion, no matters of significant interest were identified.

In the Committee's opinion, all relevant aspects of the annual accounts for the year ended 31 December 2022 are a true and faithful representation of Fluidra and the Group's assets and consolidated financial situation to date. It is also a true and faithful reflection of its results, of changes to net assets and cashflows for the 2022 financial year. The accounts include all necessary information for adequate interpretation and comprehension. The aforementioned individual and consolidated annual accounts have been audited by the account auditor. The corresponding audit reports are due to be issued on 30 March 2023. Likewise, and in the Committee's opinion, the individual and consolidated Group management reports for the 2022 financial year include a true and faithful analysis of evolution and business results as well as Fluidra's and the Group's position, and a description of the main

risks and uncertainties they face. Last of all, it should be highlighted that the non-financial report and the integrated annual report contain all the necessary information and they have been revised within a limited scope procedures by another partner at the account auditor's company who will issue the audit report with no reserves alongside the opinion of the annual accounts. The Committee received the account auditor's confirmation that complete access to all necessary information was given and that the Group's teams collaborated adequately in the process.

The accounts auditor carried out his tasks independently, in compliance with independence regulations applicable under current Spanish regulations. The Commission completed the necessary report, arriving at the conclusion that the external auditor is independent from the Fluidra Group.

In 2022, the external auditors and the firm's international associated companies provided the following non-auditing services:

- In Spain, review of the Non-financial Report and the Integrated Annual Report.
- In Spain, the review and evaluation of the content of section F of the Annual Corporate Governance Report (FIICS).
- In Spain, the agreed-upon procedures report regarding the Annual Packaging Declaration.
- In Spain, assurance services aimed at enforcing agreed-upon procedures related to the information drafted by the Fluidra Group companies on the calculation of royalties.

The fees paid to the global organisation, EY, for different services provided to Group Companies in 2022 included the following charges:

Audits	1.584.900 €
Audit-related services	64.320 €
TOTAL	1.649.220 €

GROUP INTERNAL AUDIT AND INTERNAL CONTROL SYSTEMS

As is customary by now, the Internal Audit and Compliance team has been a cornerstone in ensuring that the Audit's Committees supervision responsibilities have been effective and efficient.

In its meeting on 25 October 2022, the Committee approved the Internal Audit programme for the 2023 financial year and the departmental budget.

The Director of Internal Audit and Compliance attended the six Committee meetings and reported on the audits held, the scope of reviews and the main conclusions.

Audit reports for 23 internal audits performed over the financial year were duly handed over to the Audit Committee members, the Group's senior management and the accounts auditor. Additionally, the Director of Internal Audit and Compliance provided the Committee with regular reports on the resolution of incidents detected in internal audits and was required to provide the Group's senior management with explanations on those incidents that had not been satisfactorily cleared up, as well as propose new resolution plans and dates. Last of all, the ESG area engaged in the scope of Internal Audit and Compliance team reviews, which is an indication of effective supervision by the Audit Committee.

The Internal Audit Department carried out limited reviews of the accounting closures for March and September to be sent to the CNMV and informed the Committee and the Finance Department about the work carried out and the conclusions drawn.

Furthermore, the Internal Audit Department and the CFTO provided explanations on the steps taken in order to continue reinforcing and improving the Company's accounting policies and procedures.

The Internal Audit Department also reviewed the efficiency of the Fluidra Group's internal controls on the generation of financial information in the Group's consolidated annual accounts at 31 December 2022. As discussed in the Committee meeting held on 29 March 2023, it concluded that no significant deficiencies or material weaknesses in the internal control model had been identified. This conclusion was endorsed by the external auditor's favourable report on the financial information internal control system (FIICS) for the 2022 financial year.

Last of all, the Audit Committee was informed of activity in the complaints channel set up by the Ethics Committee and the reviews and improvements carried out.

The Internal Audit and Compliance Director confirmed that the internal audit department worked entirely independently and objectively in 2022.

The Committee informed the Board of Directors of the work carried out by the Internal Audit and Compliance Department.

COMPLIANCE

In 2022, the compliance function, in its different duties, focused on the following issues:

- Crime prevention models: adoption of the crime prevention model updated last year in 2 of the most important jurisdictions within the Group.
- Data Protection: the DPO function has been internalized with the appointment of a member from the Data Protection team, who designs, leads and develops the tasks of the strategic plan and, moreover, actively participates in the development of the digital strategy of the Group.
- Stock exchange regulatory compliance: the Company has ensured adequate provision in due time and form of the communications of inside information and/or other relevant information concerning the Company. In addition, it has responded successfully to all the communications submitted by the Spanish Securities and Exchange Commission (CNMV).

RISK MANAGEMENT

The ERM department has performed coordination and supervision tasks over the company's risks. Lead by the CFTO, the group's risk map has been reviewed, task in which senior management, area managers and independent experts on the risk management were also involved.

The Internal Audit Department will provide a third line of defence through independent oversight of the risk management system.

RELATED PARTY TRANSACTIONS

According to the requirements provided for in the Corporate Enterprises Act (ley de sociedades de capital), the Audit Committee verified that the related party transactions carried out did not qualify for the conditions established by law requiring authorisation by the governing bodies. No members of the Board of Directors, directly or indirectly, have carried out relevant transactions with Fluidra or under unusual market conditions. The Committee examined the information on related party transactions contained in the annual accounts.

- (ii) Scepticism, sufficiently questioning the data, the assessment processes and the preliminary conclusions reached by the Company's executives and managers, which entails a critical attitude, not automatically accepting their opinion, noting the pros and the cons and forming its own view, not only individually (each of its members) but also collectively;
- (iii) Dialogue, both:
 - (a) Among its members, so as to favour a diversity of opinion that enriches the Audit Committee's analyses and proposals, establishing a climate within the Audit Committee that fosters constructive dialogue among its members, promoting free speech and a critical attitude; and
 - (b) With the Company's management (in particular, general and financial management), the Global Director of the Internal Audit and Compliance and the external auditor.

(iv) Sufficient analytical capacity, being authorized to obtain, if deemed necessary or appropriate, expert advice from a third party capable of aiding the Audit Committee in the process of analysing particularly complex aspects (for example, contentious or new accounting treatments, determination of the reasonable value of certain assets or liabilities, valuation of related-party transactions or tax treatments or complex risks or of key audit areas). To best perform its functions, the Audit Committee shall have the power, resources and budget to seek advice from the external experts when it considers it necessary for the correct fulfilment of its duties.

- (ii) Propose to the Board of Directors, for submission at the Shareholders' Meeting, the appointment of the Company's statutory auditor or external audit firm as referred to in article 264 of the Capital Companies Law, as well as the conditions of the engagement, the scope of the professional mandate and, where appropriate, the revocation or non-renewal thereof;
- (iii) Supervise the effectiveness of the Company's internal control systems and, in particular, its internal control over financial reporting, internal audit, where applicable, and risk management systems (including for tax risk) and to discuss with the statutory auditor or external audit firm any significant weaknesses detected in the internal control system during the course of the audit;
- (iv) Monitor the process of drawing up and disclosing regulated financial information;
- (v) Review the Company's accounts and oversee compliance with legal requirements and the correct application of generally accepted accounting principles, directly working to that end with internal and external auditors.
