Dividend policy

- Our **financial policy** is to run the company with a **leverage ratio of around 2X** (Net Debt to EBITDA, post IFRS 16) at year end (seasonality may make it change in the other quarters).
- **Dividend policy is to pay 50% of Cash Net Income**, which will leave room to execute accretive M&A as Fluidra continues to be a consolidator in the market. Should there not be capital deployment for inorganic growth and leverage falls below the 2X objective, dividend may be increased accordingly.
- Dividend proposal for 2020 results in accordance with policy: 50% of **cash net income** in two payments of €0,20 per share each, to be paid on July 6th and on November 3rd. Total cash out approx. €78m.
