

FLUIDRA

REPORT OF THE AUDIT COMMITTEE ON THE INDEPENDENCE OF THE AUDITOR AND ON ADDITIONAL SERVICES

1. Introduction

In compliance with the provisions of article 529 *quaterdecies* 4(f) of the consolidated text of the Spanish Corporate Enterprises Act [*Ley de Sociedades de Capital*] approved by Spanish Royal Legislative Decree 1/2010, of 2 July (in the version approved in Spanish Law 31/2014, of 3 December) and pursuant to article 13 of the Regulations of the Board of Directors of Fluidra, S.A. (the “**Company**”), the Audit Committee (the “**Committee**”) must issue a report each year before the audit report is issued expressing an opinion on the independence of the auditors or audit firms, with the obligation to issue an opinion in any event on the provision of additional services.

This report satisfies that obligation.

2. Basis for the report

The Audit Committee has based this report on the following background facts and information:

- (i) To ensure the independence of the external auditor, the Committee supervised the Company and the external auditor throughout 2021 to ensure that they complied with the current regulations on providing additional services. This exercise included pre-approval of all the work performed by the auditors and subsequent formal approval in the Audit Committee.
- (ii) To satisfy its specific obligations, the Committee asked the auditor for information on any issues that it believes might endanger its independence, on the work it has performed for the Company in addition to its specific auditing work, and on the total amount of its fees for all charges, including for these additional services, and for information on the procedures, systems and mechanisms that the auditors use to guarantee compliance with regulations in this regard, with the information referring in all cases to both the audit firm itself and to the various individual employees who are on its staff, in order to assess the auditor’s independence.
- (iii) The external auditor appeared at the Committee’s meeting of 29 March 2023 to:
 - present the conclusions from the work performed on the audited financial statements and the auditor's opinion on the Fluidra Group’s individual and consolidated financial statements at 31 December 2022;

- provide the Committee a breakdown of the agreed work, confirming that no work has been performed aside from the audit itself and the work related to it. The total fees agreed and accrued amounted to 1,649,310 euros. Further information on these additional services is attached as **Appendix I**; and
- submit the auditor's letter confirming that it is independent from the Company. This letter is attached as **Appendix II** and it has been signed by Daniel Artigas (a partner in EY), with a report issued in accordance with Spanish Law 22/2015, of 20 July, on Auditing [*Ley 22/2015, de Auditoría de Cuentas*] (the “**Audit Act**”).

This statement of independence also attests that in 2022 the auditor did not incur in any of the grounds for incompatibility specified in the Audit Act.

(iv) Moreover, the Committee has also verified:

- the auditor’s business concentration limits under the Audit Act. In this regard, the 1,649,310 euros that the external auditor billed in 2022 does not represent a significant percentage of its annual turnover; and
- that the obligation to rotate the auditor partner who signs the financial statements does not apply.

3. Conclusions

Based on the facts above, the Committee has concluded that:

- (v) In its specific work in 2022
- (vi) The auditor acted in adherence with the rules on independence that apply to it under current auditing regulations.
- (vii) The work included in the additional services for the year:
 - (a) has been deemed not to have been able to have caused potential conflicts of interest under the Audit Act;
 - (b) does not represent a significant percentage of the external auditor’s total annual turnover pursuant to the Audit Act; and
 - (c) has reasonably justified fees that have been determined not to exceed the reasonable market prices applicable to it.
- (viii) The obligation to rotate the auditor partner who signs the financial statements does not currently apply.

- (ix) There are no aspects that could reasonably be considered to violate auditing regulations on auditor independence and on the provision of additional related services.
